Title of Position: Consultant General Adult Psychiatrist

Competition ID: 4217

HSE Reference: PSYC6066

Department/Office: HSE Dublin & North East Region

Details of Service

The National Clinical Programme for Adult ADHD (attention deficit hyperactivity disorder) has been designed to:

- provide for the assessment of adults with symptoms suggestive of ADHD by trained and skilled staff
- provide multi-modal treatment involving a combination of pharmacological and non-pharmacological interventions
- ensure that young people attending child and adolescent mental health services (CAMHS) for ADHD who continue to have significant symptoms of ADHD and/or co-morbid mental illness who require treatment can be transferred to adult mental health services and that this transfer can occur in a smooth and planned way
- deliver the above through a clearly defined and integrated clinical pathway

In the Integrated Health Areas (IHAs) of Dublin North County and Dublin North City and West, current provision to adults with ADHD is limited to those who have a co-existing mental illness. Due to the lack of capacity, referrals are not being accepted for assessment of adults who may have ADHD.

Adults with ADHD not recognised in childhood and 18 year olds diagnosed with ADHD in childhood with features persisting into adulthood will now have access to a public multidisciplinary adult ADHD service which will assess and treat symptomatic ADHD that is causing significant functional impairment.

The adult ADHD team which is being established for the Integrated Health Areas of Dublin North County and Dublin North City and West will be based in Ballymun Primary Care Centre. The team will consist of a consultant psychiatrist, a clinical nurse specialist, a senior psychologist, a senior occupational therapist and a grade 4 administrator.

The new adult ADHD service will accept referrals from GPs and adult mental health teams. These will be made on a referral form. Referrals of young adults with ADHD who will all be on ADHD specific medication, from child and adolescent mental health services will be made on a specific referral form which may permit an abridged assessment to be completed.

The post comes under the governance of the Dublin North City and West Mental Health Service and initially the team will address the needs of adults in Dublin North City and West and transfers from CAMHS. This will permit the team to become established and to assess and manage the demand for the service.

The CAMH Service is under the governance of Dublin North City and West but covers both the IHAs of Dublin North County and Dublin North City and West. There are 8 community CAMHS teams, an ADHD team, an eating disorder team, CAMHS Hub and a day hospital team.

The Dublin North City and West Mental Health Service, serves a population of 345,815 (280,807 aged 15-64, Census 2022) and currently has four approved centres for adults, the Department of Psychiatry, Connolly Hospital, St. Vincent's Hospital, Fairview, St. Aloysius Ward, Mater Hospital and the Phoenix Care Centre.

The Dublin North Mental Health Service serves a population of 284,727 (185,972 aged 15-64) and the approved centre is the Ashlin Centre, Beaumont Hospital.

There are community mental health teams associated with the approved centres, apart from the Phoenix Care Centre which is a tertiary referral hospital with a regional remit.

The HSE will open a new adult admission unit in the Mater Hospital, in place of the current admission units in the Mater and St. Vincent's.

About this role

The post holder will lead a multidisciplinary adult ADHD team and will work with colleagues, the clinical director and executive clinical director to deliver timely, compassionate and effective care to adults with moderate to severe ADHD

Reporting Relationship

The Consultant's reporting relationship and accountability for the discharge of their contract is:

i) in the case of Consultant Psychiatrists, to the Clinical Director and the Area Manager, HSE Region (where the Consultant is employed by the HSE) / Chief Executive Officer (where the Consultant is not employed by the HSE) The Regional Executive Officer may require the Consultant to report to them from time to time.

ii) the reporting relationship for this post will be through the Clinical Director to the Executive Clinical Director

Key Working Relationships

Relationships with general practitioners will be very important. There is no longer a requirement for those who may have ADHD to be first referred to a community mental health team. They may be referred directly to the adult ADHD service. When the interventions by the adult ADHD team have been completed, each person will be discharged to their GP with those on medication having this prescribed by the GP. The discharge letter, also a pro-forma, will include details of the annual review by the ADHD team for those still on ADHD specific medication.

The post holder will establish collegial ways of working with the consultant psychiatrists in the services for adults. There will be referral from and co-working with the adult community teams. Where a person is found to have a moderate to severe mental illness in addition to ADHD, is suicidal, acutely unwell, in receipt of inpatient treatment (mental or physical health), or has presented to the Emergency Department they will be responded to and treated by the relevant adult mental health team or initially by liaison psychiatry services, if appropriate.

The post holder will establish collegial ways of working with child and adolescent psychiatrists regarding the transfer of care from CAMHS of those who are 18 with an established diagnosis of ADHD.

The consultant will be part of the Mater consultant group for in-house continuing professional development and on call. This group will amalgamate with the St. Vincent's Hospital, Fairview consultant group in the future when the new Mater inpatient unit opens.

There are 10 higher specialist trainees working in adult services who all have a special interest half day. It is envisaged that one to two of them will do a special interest session in adult ADHD each year, under the supervision of the post holder.

The post holder will collaborate with MDT colleagues to provide timely, compassionate and effective care to adults with moderate to severe ADHD.

The post holder will build relationships with the heads of discipline and the service manager and staff who provide administrative support to all teams within the service. Along with these colleagues, the clinical director and the executive clinical director, the post holder will contribute to quality improvement in the service.

Selection Methods
The selection may include:

- shortlisting of candidates on the basis of the information contained in their application, against set criteria based on the requirements of the position
- competitive preliminary interview
- completion of online questionnaire(s)
- presentation or other exercises
- a final competitive interview
- Any other tests or exercises that may be deemed appropriate

Shortlisting
The number of applications received for a position generally exceeds that required to fill existing and future vacancies. While a candidate may meet the eligibility requirements of the competition, if the numbers applying are such that it would not be practical to interview everyone, publicjobs may decide that a smaller number will be invited to the next stage of the selection process. publicjobs provide for the employment of a shortlisting process to select a group who, based on an examination of the application forms, appear to be the most suitable for the position. This is not to suggest that other candidates are necessarily unsuitable or incapable of undertaking the job, rather that there are some candidates, who based on their application, appear to be better qualified and/or have more relevant experience. During shortlisting, an expert board will examine the application forms against agreed shortlisting criteria which are based on the requirements of the position. The standard of content of each application submitted may also be assessed during this process. The shortlisting criteria may include both essential and desirable criteria specified for the position and, it is therefore in your own interest to provide a detailed and accurate account of your qualifications/ experience in your application. The onus is on candidates to complete the application form fully and accurately. In the case of competitions that may involve large numbers of candidates, candidates may be ranked on the outcome of their online assessment tests and will be shortlisted in accordance with their ranking. Applicants must successfully compete and be placed highest, to be considered for advancement to the next stage of the multistage selection process. The number to be invited forward at each stage will be determined from time to time by publicjobs.

Failure to include information regarding these requirements may result in you not being called forward to the next stage of the selection process.

References
Please provide details of 2 people who would be suitable referees and that we might consult (2 names and contact details). The referees do not have to include your current employer but should be in a position to provide a reference for you, these referees must be members of the profession, who directly supervised you. The referees should be able to provide relatively recent information on your performance and behaviour in a work context. Please be assured that we will only contact referees should you be invited to interview stage. Please note, should you be successful at interview, we will require a reference from your current employer prior to recommendation for appointment.

Admission to a competition
The admission of a person to a campaign, or invitation to attend an interview or a successful letter, is not to be taken as implying that publicjobs are satisfied that such person fulfils the requirements of the competition or is not disqualified by law from holding the position and does not carry a guarantee that your application will receive further consideration. It is important, therefore, for you to note that the onus is on you to ensure that you meet the eligibility requirements for the competition before attending for interview. If you do not meet these essential entry requirements but nevertheless attend for interview you will be putting yourself to unnecessary expense.

Security Clearance
You will be required to complete and return a Garda eVetting form should you come under consideration for appointment. This form will be forwarded to An Garda Síochána for security checks on all Irish and Northern Irish addresses at which you resided. If you subsequently come under consideration for a position in another recruitment competition within 6 months of being vetted by publicjobs, please notify us as you may not be required to complete a further Garda Vetting Form.

If you have resided / studied in countries outside of the Republic of Ireland for a consecutive period of 12 months or more after the age of 18, it is mandatory for you to furnish a Police Clearance Certificate from those countries. You will need to provide a separate Police Clearance Certificate for each country you have resided in. The clearance must be dated after the date you left the country. It is your responsibility to seek security clearances in a timely fashion as they can take some time. You cannot be appointed without this information being provided and deemed satisfactory by publicjobs.

Candidates should be aware that any information obtained in the Garda Vetting process can be made available to the employing authority.

Candidates will be responsible for any expense incurred in connection with obtaining any Police Clearance Certificates.

EXPOSURE PRONE PROCEDURE POSTS
Pre-employment medical screening of health care workers, who perform Exposure Prone Procedures (EPP's) as part of their work, is carried out in accordance with Department of Health Guidance 2005. This guidance is contained in the Department of Health's Document 'Prevention of Blood Borne Diseases in the Health-Care Setting'. This document can be obtained at **www.dohc.ie** or by contacting the Department of Health (00353-1-6354000)

The successful candidate must provide satisfactory documentary evidence that they is not an infectious carrier of the Hepatitis B or Hepatitis C virus. Such documentation would include an

original laboratory report or a certified copy (photocopies, faxes, e-mails not acceptable) showing

- Hepatitis B surface antigen (HBs Ag),
- Hepatitis B anti-core antibody (anti- HBc)
- Anti- Hepatitis B surface antibody (Anti HBs).
- Antibodies to Hepatitis C virus and if positive for Hepatitis C virus RNA.

Testing must be done by a designated occupational health service provider which will be determined by publicjobs. Applicants will bear no expense for this testing. Additional visit(s) may be required depending on the test results.

Candidates who are successful at interview may not be made a job offer if they are found to be at risk of potentially transmitting infection to patients, or alternatively they may be appointed subject to certain conditions.

While the guidance does not currently recommend HIV testing at present, it re-iterates Irish Medical Council Ethical Guidelines that any healthcare worker who suspects that s/he may have been exposed to blood borne viruses through work or other risk behaviours must seek professional advice and diagnostic testing. Your attention is drawn to this.

Enquiries
Prior to recommending any candidate for appointment to positions publicjobs or employing organisation will make all such enquiries that are deemed necessary e.g. employer references, to determine the suitability of that candidate. Until all stages of the recruitment process have been fully completed a final determination cannot be made nor can it be deemed or inferred that such a determination has been made.

Specific candidate criteria

- Have the knowledge and ability to discharge the duties of the post concerned;

- Be suitable in all other relevant respects for appointment to the post concerned;

    - Are fully competent and available to undertake, and fully capable of undertaking, the duties attached to the position

Non-Refund of Expenses

Deeming of candidature to be withdrawn

Appointments from panels
Successful candidates will be placed on a panel from which future vacancies may be filled. Panels usually remain valid for 18 to 24 months, (this is determined at the discretion of publicjobs), from the date of creation or until such time as the panels have been cleared, whichever is the sooner. Placement on a panel is not a guarantee of appointment to a position.

Declining an offer of appointment
Should the person recommended for appointment decline, or having accepted it, relinquish it, or should additional similar vacancies arise, PAS may at its discretion, select and recommend another person for appointment on the results of this selection process.

Confidentiality
Subject to the provisions of the Freedom of Information Act 2014, and any security clearance and/or enquiries, all aspects of the proceedings, to the extent that they are managed by publicjobs or employing organisation, are treated in strict confidence and are not disclosed to anyone outside those directly involved in the selection process.

Review and Complaint Procedures under the Code of Practice for Appointments to Positions in the Civil and Public Service

If a candidate is unhappy following the outcome of any stage of a selection process, they can either:

1. Request a **Review of a decision** made during the process

Or

2. **Make a Complaint** that the selection process followed was unfair

A candidate can follow either one of the two procedures in relation to the same aspect of a selection process, but not both. Where a review of a selection process has taken place under Section 7 (as detailed below), a complainant may not seek a further review of the same process under Section 8, other than in the most exceptional circumstances that will be determined by the Commission for Public Service Appointments (CPSA) **at its sole discretion.**

There is no obligation on PAS to suspend an appointment process while a Review or Complaint is being considered. However, the CPSA expects that, where possible, PAS will intervene in cases where it finds an error is likely to have occurred.

Requesting a Review under Section 7

A request for review may be taken by a candidate should they be dissatisfied with an action or decision taken by publicjobs. PAS will consider requests for review in accordance with the provisions of **Section 7** of the Code of Practice for Appointments to Positions in the Civil and Public Service published by the CPSA.

When making a request for a review, the candidate must support their request by outlining the facts they believe show that the action taken or decision reached was wrong. A request for review may be refused if the candidate cannot support their request.

The Informal Review will consist of a desk-based examination of any available information in relation to the recruitment process and the decision taken regarding the candidate's application. The outcome of the Informal Review Process will be communicated to the requester in writing.

- A request for Informal Review must be made within 5 working days of notification of the decision, and will normally take place between the candidate and a representative of the PAS who had played a key role in the administration of the selection process.

- Where a candidate remains dissatisfied following any such informal communication, they may adopt the formal procedures set out below.

A request for Formal Review must be made within 5 working days of either the notification of the selection decision, or the notification of the outcome of the Informal Review process. Any extension of these time limits will only be granted in the most exceptional of circumstances and will be at the sole discretion of the Chief Executive.

- The candidate must address their concerns in relation to the process in writing to the Chief Executive (via email to **ceomailbox@publicjobs.ie**, or in writing to Chief Executive Officer, Public Appointments Service, Chapter House, 26/30 Abbey Street Upper, Dublin 1), outlining the facts that they believe show an action taken or decision reached was wrong.
- The Formal Review will be conducted by a person who is completely independent of the selection process
- The outcome of the Formal Review must generally be notified to the candidate within 25 working days of receipt of the request for review. If the investigation does not produce a decision within this time, PAS must keep the candidate informed of the status of the review and the reasons for the delay.

Making a Complaint under Section 8

A candidate may believe there was a breach of the Commission's Code of Practice by PAS that may have compromised the integrity of the decision reached in the appointment process. The complaints process enables candidates to make a complaint under **Section 8** to PAS in the first instance, and to the Commission for Public Service Appointments subsequently on appeal if they remain dissatisfied.

On foot of a Section 8 Complaint process, either PAS or the CPSA may find that the recruitment and selection process in question has not adhered to the standard set out in the Code of Practice. In such cases, PAS and the CPSA may make recommendations in order to prevent such issues from reoccurring again in the future. **The CPSA cannot instruct PAS to reverse a decision taken in the course of an appointment process.** Any candidate wishing for an investigation into the decision taken regarding their application as part of a selection process should request a Review under Section 7, as outlined above.

The complainant must outline the facts that they believe show that the process followed was wrong. The complainant must also identify the aspect of the Code they believe has been infringed and enclose any relevant documentation that may support the allegation. A complaint may be dismissed if they the complainant cannot support their allegations by setting out how publicjobs has fallen short of the principles of this Code.

The Informal Complaint will consist of a desk-based examination of any available information in relation to the recruitment process. The outcome of the Informal Complaint will be communicated to the requester in writing.

- An Informal Complaint must be made within 5 working days of notification of the decision, and will normally take place between the candidate and a representative of the PAS who had played a key role in the administration of the selection process.
- Where a candidate remains dissatisfied following any such informal communication, they may adopt the formal procedures set out below.

A Formal Complaint must be made within 5 working days of either the notification of the selection decision, or the notification of the outcome of the Informal Complaint. Any extension of these time limits will only be granted in the most exceptional of circumstances and will be at the sole discretion of the Chief Executive.

- The candidate must address their concerns in relation to the process in writing to the Chief Executive (via email to **ceomailbox@publicjobs.ie**, or in writing to Chief Executive Officer, Public Appointments Service, Chapter House, 26/30 Abbey Street Upper, Dublin 1), outlining the facts that they believe show an action taken or decision reached was wrong.
- The Formal Complaint will be investigated by a person who is completely independent of the selection process
- The outcome of the Formal Complaint must generally be notified to the candidate within 25 working days of receipt of the request for review. If the investigation does not produce a decision within this time, PAS must keep the candidate informed of the status of the review and reason for the delay

For further information on the above Review and Complaint procedures please see the *Code of Practice for Appointments to Positions in the Civil and Public Service* which is available on the website of the Commission for Public Service Appointments, www.cpsa.ie

Requests for Feedback
Feedback in relation to the selection process is available on request. There are no specific timeframes set for the provision of feedback
Please note that the Review Process as set out in the Code of Practice is a separate process with specified timeframes that must be observed. Receipt of feedback is not required to invoke a review. It is not necessary for a candidate to compile a detailed case prior to invoking the review mechanism. The timeframe set out in the CPSA Code cannot be extended for any reason including the provision of feedback.

During the interview, the PAS Representative will maintain the official record. This involves taking an objective note of questions asked by board members and of the key points/words from candidate answers. While a verbatim account is not expected, the record may be used as an aide-memoire e.g. when evaluating/reflecting back on candidates after the interview; evidence and justification for decisions made; used in the case of a review, appeal or challenge. These notes are releasable to candidates on request.

Following on from each candidate's interview the PAS Representative will record a summary comment representing the consensus view of the Board. The purpose of this summary comment is to provide clear and concise feedback on a candidate's performance at the interview. This must relate to the candidate strengths/ weaknesses as assessed against the key criteria covered at interview. This comment provides specific and meaningful feedback on each candidate reflecting the marks awarded, however, it is not intended to be a mechanism for providing developmental guidance or advice for the candidate. This comment is particularly important where the candidate has been unsuccessful, or whose placing is unlikely to be reached. When requested, this comment will be used to facilitate feedback by PAS to the candidate.

Candidates' Obligations:
Candidates in the recruitment process must not:

- knowingly or recklessly provide false information
- canvass any person with or without inducements
- interfere with or compromise the process in any way

A third party must not impersonate a candidate at any stage of the process

Contravention Code of Practice
Any person who contravenes the above provisions or who assists another person in contravening the above provisions is guilty of an offence. A person who is found guilty of an offence is liable to a fine/or imprisonment.

In addition, if a person found guilty of an offence was, or is a candidate at a recruitment process,

- they will be disqualified as a candidate and excluded from the process;
- has been appointed to a post following the recruitment process, they will be removed from that post.

Candidates should note that canvassing will disqualify
